

# **Class Schedules**

## **2016 – 2017 Training Season**

Due to the dorm renovations ongoing at the Training Center, this season, we are having to modify the training schedule from the one you have all received recently. The dorm rooms will be available, but on a very limited scale until mid-March.

With a limited capacity of 31 beds for the majority of the season, we have increased our outreach program to cover the demand for training. We will be modifying classes to allow most of them to be done at Local Union Halls. Those classes that cannot be taken on the road will still be done at the Training Center, but will account for the available space.

With this temporary schedule, it is imperative to get your requests for classes in as early as possible. We will do our best to fulfill your needs, but you must be flexible on dates for training. The sooner we get your requests, the better we can fit you into the new schedule.

Work is progressing well on the dorm renovation, and by the end of the season they will be brand new with increased capacity for our members...and yes, we did get new mattresses!

September 26-30	Monday 26	Tuesday 27	Wednesday 28	Thursday 29	Friday 30	Saturday 1
Week 1	(10) A - 1 Measuring and Leveling					
October 3-7	Monday 3	Tuesday 4	Wednesday 5	Thursday 6	Friday 7	Saturday 8
